## GET TO KNOW US A LITTLE BETTER

When Elam Esh began building furniture in 1990 for a neighbor's woodworking shop, he studied furniture journals and built his own designs in his spare time. Soon, demand for his design led to a start-up business in a barn on his father's farm. At the suggestion of a friend, Elam found that his interest in balance and perception was a good match for the clean lines of Mission and Shaker style furniture. Over twenty years later, the Christian morals and hard work ethic of growing up on the farm continue to be the guiding principles behind the Country Classic Collection, delivering strong value and honesty in both our designs and relations. Today, the Country Classic Collection continues to grow with a beautiful selection of Mission, Shaker, Contemporary, and Modern styles, Amish handcrafted in the heart of Pennsylvania Dutch country.

#### WE STAND BEHIND WHAT WE BUILD

#### Our Promise To You

- » We promise the handcrafted furniture you purchase is free from defects in material and workmanship for the life of the product.
- » We promise that, if the furniture should fail as a result of defective workmanship, we will repair it, or replace it, with the same or similar piece of furniture.

#### What We Hope You Never Have To Do

» But in the event you need to make a claim, we're always here to help. Simply contact the store that you bought your furniture from, and we will make things right.

# CUSTOM, LEAN AND AGILE

#### What we do and why we do it

Yes, we build furniture, but the reason we are here is to serve you. We are primarily in the business of satisfying customers. We do that by embracing lean techniques – doing more with less. We are constantly working on eliminating waste and making the best use of the precious recourses God has provided us. By doing this with both our time and materials, we can achieve our goal of exceeding your expectations by continuously delivering more for less!

#### Go ahead - Customize it!

Because of these innovations in lean manufacturing, each piece is built to order for you with your choice of color, hardware and wood species, as well as any size changes you may need. We can change sizes on any piece to make it longer, higher or wider. You can even add drawers and doors to get exactly what you want. We work hard to better satisfy, so go ahead and customize it to fit your needs!

# BUILT TO SATISFY

# LANCASTER COUNTY, PA IS MORE THAN JUST A PLACE ...

Our heritage and culture is deeply rooted in this fertile land of the free. The strong work ethic and Christian morals of our forefathers and their integrity and meticulous stewardship of the land are now reflected in the work of our Craftsmen. Our strong belief in "honor others above thyself" means we are here to assist you with personal and helpful service. It also means we believe in building our furnishings with excellent value at a fair price. It means crafting furnishings that you can pass on to your children's children just like our Christian heritage was passed down to us.

# COUNTRY CLASSIC COLLECTION

1. » DURABLE FINISH

Durable catalyzed conversion varnish that is extremely water resistant and withstands years of wear.

- 2. » SOLID OAK HARDWOOD Top is made of ¾" solid oak American hardwood.
- 3. » STURDY HARDWOOD LEGS Strong, sturdy legs are cut out of one piece of solid oak American hardwood.
- 4. » SOLID OAK FRONTS Drawer fronts made of substantial ¾" solid oak American hardwood.

#### 5. » STURDY MAPLE BOX

Drawer box made of  $\frac{1}{2}$  solid maple and sealed and finished with the same high quality varnish as the top and rest of unit.

#### 6. » METAL FULL EXTENSION

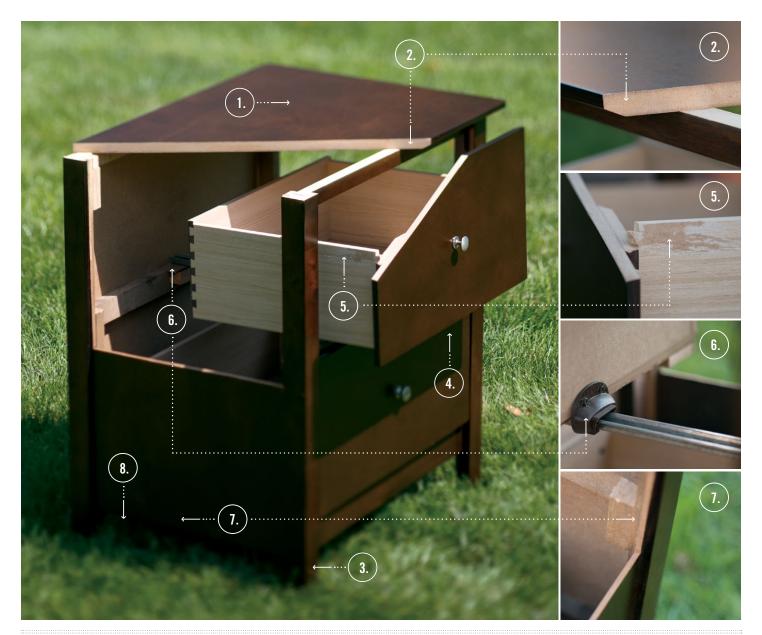

Metal heavy duty ball-bearing slides that allows for Full Extension. Drawer opens and closes smoothly, is sturdy and long-lasting.

7. » STRONG OAK SIDES Sides are made of the same ¾" solid oak American hardwood that the top is made of. You or your kids will not break these sides!

#### 8. » Sound, Reinforced Bottom

Substantial  $\frac{1}{2}$  bottom pocket screwed with  $1\frac{1}{4}$  screws. This reinforces the stability and solidness of the piece.

# IMPORTED

- 1. » INFERIOR FINISH Susceptible to damage from exposure to liquids, hot products or sunlight.
- 2. » WEAK PARTICLE BOARD TOP Top is made of weak ½" MDF particle board.
- 3. » INSUBSTANTIAL LEGS Insubstantial legs with multiple pieces of soft wood glued together to give a false appearance of solid legs.
- 4. » THIN PARTICLE BOARD Drawer fronts made of thin ½" MDF plywood.

#### 5. » CHEAP DRAWER BOX

Drawer box made of cheap particle board with a fake laminated wood pattern on it to give a false appearance of real wood.

#### 6. » FLIMSY, PLASTIC 3/4" SLIDES

Plastic clip drawer slide that is loose and flimsy and only allows for ¾" extension. Drawer opens irregularly, tends to wiggle side to side and up and down, has very little support and will tear out rather easily with use.

#### 7. » FRAGILE PLYWOOD SIDES

Sides are made of skimpy ¼" plywood that is easily cracked or broken.

#### 8. » WEAK BOTTOM

Fragile  $\frac{1}{4}$  particle board bottom fastened with staples. This thin bottom makes the entire piece less stable and allows entire unit to twist and torque.

# CHOOSE YOUR HARDWOOD

#### RED OAK, MAPLE, WORMY MAPLE, QUARTER SAWN WHITE OAK, CHERRY or CHARACTER CHERRY.

First decide which hardwood you are most interested in. Each has its own distinctive characteristics. Each piece gets built with many individual boards and you may notice some natural variation in color. Lighter boards come from closer to the bark of the tree and vice versa for darker ones. This is a hallmark of genuine hardwood furniture and a stamp of authenticity! No two boards are alike and every piece we build is a unique work of Nature.

(») SHOWN ON RED OAK

A beautiful hardwood chosen 50% of the time by Americans for their home furnishings. With three dimensional warmth, relatively uniform color and great durability this species is a popular choice for a reason. It has long been an American staple being the most widely used and purposeful wood even back in the colonial days.

#### ») SHOWN ON QUARTER SAWN WHITE OAK

This wonderful wood has characteristics very similar to Red Oak, though rarer. When ¼ sawn it provides "ray flake". Ray flake is the distinctive striping which comes from cutting the log cross grain. Commonly referred to as Tiger striping. This method and look is prevalent on many antique furniture pieces. Gustave Stickley and the Shakers popularized this high end look with their signature styles which is why Mission and Shaker style pieces are still often displayed in this premium wood.

#### SHOWN ON CHERRY

Found all across the Northeastern shore especially in the Appalachian areas. The finest growth occurs right here in our home state of PA and in West Virginia. The lighter reddish-brown tones create a warm, luxurious look that has made it a favorite for state rooms and mansions which is why this species has become synonymous with wealth and quality. It includes small pitch pockets of mineral and is susceptible to UV and will always darken with exposure to light.

#### (>>) SHOWN ON CHARACTER CHERRY

The same wood as Cherry but with the natural beauty of the "heart wood" (from the center of the tree). This arresting choice contains more of the "sap wood" and "pitting" than standard cherry as well as knots and natural cracks and splits. The character forms a unique and rustic appearance with and unexpected flare that makes a striking statement.

#### ) SHOWN ON MAPLE (UNSELECTED)

Grown and sustainably harvested from the Great Lakes to the Appalachian mountains. Maple is harder than Red Oak and has a durable, tight grain structure. Its tones are more yellow and creamy than cherry. However, it is growing in popularity and has surpassed cherry in preference and is more affordably priced. The luster and changing beauty it creates as light infuses it from different angles plus the natural coloration makes Maple one of the most attractive American hardwood choices available. We use mostly "heart wood" thus the color tones vary from light to beige to dark brown.

One of the many grades of Maple, Wormy Maple is regular Maple's assertive and rustic sibling. Graded out from standard Maple because of the dark "sap streaks" that naturally occur in this species. It is also graded separately for the many worm holes thus giving it its name. This is an attractive choice for those who love the natural beauty and variation of wood patterns. The dark and light combined with sap streaks and worm holes give it a charming and naturally rustic appeal. Especially when finished in Natural or lighter finishes.

# FOR THAT UNIQUE TOUCH

#### (») WD: Weathered Driftwood

Driftwood colored undertones with white glaze hand rubbed into the open grain give this designer finish the appearance of that old, sea-weathered boat in dry dock or the sand and wind battered, board fence on the path leading to the sea.

#### (») **RR:** Rive Rock

Rich brown tones that are reminiscent of smooth water worn stones on the river bed. This designer finish includes spatter and cow tailing. It is finished off with a dry brush glaze, hand applied to give it an authentic, worn appearance.

AD ®

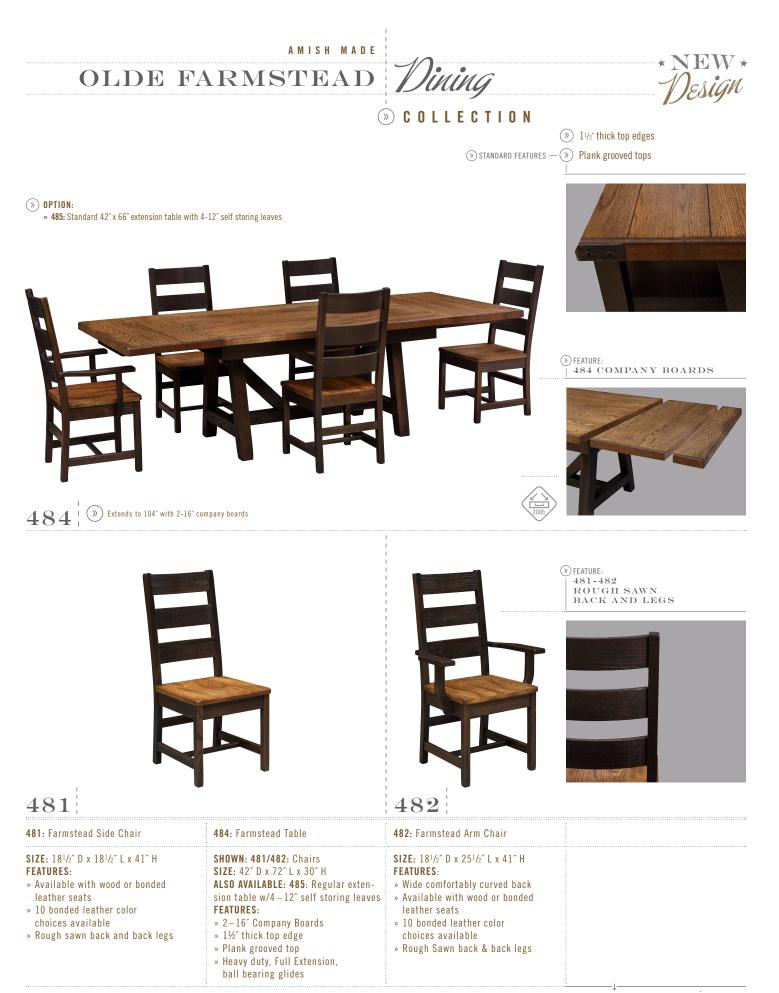

Reminiscent of Grandma's olde country kitchen but with a Transitional flare that blends yesterday's memories with today's styles. Heavy frame construction and plank grooved tops reflect the strength and design with which our olde Famstead was built by our forefathers. Built to last, crafted for generations.

### >> COLLECTION

We are born with a love for harmony. The Lexington Dining collection is no exception. From its inception it was destined to blend modern tastes with the timeless art of fine craftsmanship. Metal accents are perfectly balanced with the ageless beauty of wood. Simple clean lines accentuate the strength of solid hardwoods. Experience the harmony of a design that is finely orchestrated with modern appeal and traditional craftsmanship.

The American Classic Collection presents furniture in the Shaker tradition, known for its beauty and functionality. The Shakers rejected the notion of decorating a table with curved feet or inlay, preferring to build tables with sturdy legs and tops. Our craftsmen have the same commitment to honest and pure design that inspired the Shakers to build such furniture.
